

# Pack suitcase

This group game is a memory test. One person starts the game and says:

**"I'm going on a holiday, and I'm going to pack a garden hose."**

Person number 2 repeats the sentence and adds another item. She might say:

**"I'm going on a holiday, and I'm going to pack a garden hose and a baked ham."**

The game keeps going with each person adding an item (the stranger the better) until the list is so long no one can remember it.
